

### Nebraska GOVERNOR PEARSON IS SURE ON THE JOB

**Gets His Photograph Taken Sitting in the Chair, and Otherwise Acts Like Real Executive**  
**HASN'T STARTED MUCH YET**  
(From a Staff Correspondent.)  
Lincoln, June 14.—(Special).—Acting Governor James Pearson is making hay while the sun shines. He does not propose to let future posterity forget that for a short time greatest agricultural state in the Union, and this morning called a photographer to his office, closed the door and dared him to do his worst. What the result will be is not known just now. Whether the picture taken of the present executive was a flashlight showing him snugly filling the gubernatorial seat, or a motion picture displaying him signing requisitions, extraditions, commissions and such, will remain a mystery until such time as the photographer's work is given the spot light.

**Has the Habit.**  
Be that as it may, Governor Pearson has already got the governor habit. He reached the office about the regular governor time this morning, received the anxiously waiting public in the usual governor way, and really appears to enjoy the novelty of governing the state, although he has had little to do so far but the routine work of the office. Yesterday he affixed his official signature to a permit for visitors to visit the penitentiary and this morning granted a requisition asked for by Governor Capper of Kansas for the return to that state of a supposed lawbreaker.

**Nobody F Ired Yet.**  
The members of the State Railway Commission are doing business at the old stand, and have not followed the orders given them yesterday to secure bonds or secure another job. Just what the members of the commission will do if Governor Pearson and Attorney General Reed declare them non compos mentis e pluribus unum or something like that, and they have to quit. Taylor sold his newspaper soon after assuming the office of commissioner, and therefore would be in hard luck. Hall has got entirely out of touch with the law business, although he has gained a great deal of experience in running an automobile and might get a job as chauffeur somewhere, while Clarke would have no visible means of support as he has been on the commission so long he would have to start all over new.

**Japs Are Leaving California in Hurry**  
(From a Staff Correspondent.)  
Lincoln, June 14.—(Special).—"The Japs are all leaving California," said Hon. R. P. Star of Loup City, who with his son was a guest at the Lindell hotel today, while talking to a representative of the Bee. "I do not know why," said he, "but many of them are leaving and dropping everything. Close to where my sister lives they have departed and have left their gardens to take care of themselves. Many tracts set out to tomatoes have been abandoned. Just what it means I cannot discover."  
Mr. Star has been visiting in California for some weeks and returned about a week ago. He says that out in California a mile along the road most of the people appeared to be for Roosevelt before the convention, and were equally strong against Wilson. "Those people out there have it in for the president strong," said Mr. Star. "I do not know what their attitude will be now, as I left there before the result of the Chicago conventions was announced, but I am of the opinion that most of the coast states, if not all of them, can be safely counted for Mr. Hughes."

**DRUGGISTS MARCH IN FLAG DAY PARADE AT HASTINGS**  
Hastings, Neb., June 14.—(Special Telegram).—The hundred visiting druggists attending the state pharmaceutical convention marched in a flag day parade today, each displaying the national colors. The convention opened last night with a large attendance. Reezinger of Fremont, responding to Mayor Madgett's address of welcome. Lincoln, Beatrice and North Platte are seeking the 1917 convention.

**Man Killed by Train Near Gandy.**  
Stapleton, Neb., June 14.—(Special Telegram).—Carl Cappell, a one-armed young man who has been about Stapleton for the past few days, was instantly killed near Gandy this morning by an east bound train. The engineer saw him sitting on the track and sounded the whistle several times, but he paid no heed to the warning. The body was badly mangled. Nothing is known here of his previous residence or his relatives.

**Seth Bullock Says T. R. Is for Hughes**  
Deadwood, S. D., June 14.—(Special Telegram).—Seth Bullock, close friend of Roosevelt for years, just returned from Chicago, where he was a national delegate in the republican convention, gives the firm opinion that Roosevelt will support Hughes. Captain Bullock is known as one of the leading progressive republicans of the state and he has assured Justice Hughes of his support.

**Constipation and Indigestion.**  
"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.—Adv.

### Nebraska CLARENCE S. PAINE IS DEAD

**Secretary of State Historical Society Expires at Lincoln After a Short Illness.**  
**WELL KNOWN TO THE PIONEERS**  
(From a Staff Correspondent.)  
Lincoln, Neb., June 14.—C. S. Paine, secretary and treasurer of the Mississippi Valley Historical association, secretary and registrar of the Sons of the American Revolution and secretary of the Nebraska State Historical society, died here this morning after an illness of five days. He was also secretary and treasurer of the Nebraska Territorial Pioneers' association. He was taken sick while attending the Mississippi Valley Historical association meetings at Nashville, Tenn., a month ago and is thought to never have completely recovered. He was 48 years old.

The announcement came as a shock to the people of Lincoln, many of whom did not know he was even ill, and at first it was supposed that a mistake had been made. Mr. Paine leaves a wife and four children, the oldest being Mrs. Edward Slater of Omaha. The other three, two sons and a daughter, residing at home.  
One of the great ambitions of Mr. Paine's life was to see Nebraska have a historical building of its own and to this end he had worked unceasingly. However, Nebraska legislators had always been deaf to his entreaties, and while hundreds of thousands of dollars of priceless relics lay unprotected in different places, the members of the legislature could not see it. Mr. Paine's way, and he has gone to his grave with his efforts in this line unrewarded, while the work of years is liable to be wasted unless a future legislature is more generous than those of the past. No arrangements have yet been made for his funeral.

**Complaint From Quarrymen.**  
Railway Commissioner Clarke and Rate Clerk Powell went to Meadow today to investigate a complaint made by owners of stone quarries that the Rock Island railroad was not giving them cars sufficient to ship their product. It has been understood that the sand and stone dealers were to be given an even chance on the cars, but the latter claim that they have not been given their share.

**Judges Off to Visit Bar.**  
Chief Justice of the Supreme Court Morrissey, Associate Justices Fawcett and Barnes, and District Judge Cornish of Lincoln journeyed to North Platte today to attend the meeting of the Western Nebraska Bar association, all of them being on the program.

**Receiver for Decatur Bank.**  
The secretary of the state banking board, E. Royle, announces that his department has received notice that Douglas D. Whitcomb of Walthill, has been appointed to take charge of the defunct Decatur State bank, recently shown to be in a bid condition.

**Pearson Signs Requisition.**  
Governor Pearson this morning signed a requisition presented by an officer from Kansas sent by Governor Capper asking for the return to that state of David A. Ranson, charged by his wife with wife and child abandonment. Ranson is being held by the sheriff of Richardson county.

**ANOTHER SHIPMENT OF HOGS VIA RIVER ENROUTE HERE**  
Another cargo of fat hogs is on the way to the South Side market from Decatur, aboard the Julius F. Silber. The stock belongs to James Cornely of Decatur. This will make the second cargo of hogs to be brought down the river aboard a barge this summer.

**OMAHA BOY GRADUATES FROM UNI OF ILLINOIS**  
Urbana, Ill., June 14.—(Special Telegram).—Maurice C. Johnson of Omaha graduated from the University of Illinois today with the degree of bachelor of science in mechanical engineering.

**Indigestion Due to Constipation.**  
Take a dose of Dr. King's New Life Pills tonight. See how much better you feel in the morning. 25c. All druggists.—Adv.

### Nebraska POSTMASTERS KEEP BUSY AT LINCOLN

**Annual Convention Finds Time Well Filled With Papers and Discussions on Work.**  
**OFFICERS MAY ALL HOLD OVER**  
(From a Staff Correspondent.)  
Lincoln, June 14.—(Special).—Nebraska postmasters are enjoying a fine session at the Lincoln hotel in this city this week. The association started yesterday and since then has kept up a steady business session, only stopping to eat and sleep.

Today the women of the session were treated to an automobile ride to the principal points of interest, the penitentiary, state farm and other places.  
The convention opened this morning with the crowd singing "The Battle Hymn of the Republic," following which Rev. Mr. Chapman prayed for all the democrats present. A harp selection by Miss Marjorie Shanefelt of Lincoln prepared the way for an interesting discussion on "Advantages of a Railway Postal Clerk Being Postmaster," led by Postmaster A. G. Nelson of Norfolk.

E. G. Byrns, superintendent of the mails of the Lincoln office, read a paper, "The Parcel Post and Things in Connection." Following this was a discussion from the question box, in charge of Inspector W. M. Coble of Omaha.  
**Missed the Senator.**  
In the afternoon the convention was billed for a speech from Senator Hitchcock, but the senator could not be present, owing to pressing business in St. Louis. However, the members were favored with a piano solo by Miss Louise Misko of Ord and a reading by Mrs. L. E. Evans of Lincoln. A paper by L. B. Tannery of the Lincoln money order department with another discussion from the question box closed the day's session.

It is said that there is a sentiment favoring the retention of the present officers for another year and that an effort will be made to change the constitution so that the executive committee may set the date of the convention to any week in June. The present constitution fixes the specific date each year and the convention is up against two very serious handicaps, according to one of the members. Many who would have liked to be at the convention are in St. Louis, while more than that, the convention is meeting when there are no ball games in Lincoln. These two very serious obstacles to a season of joy will be fixed so that there will be nothing after this but the changes coming from a shift from a democratic to a republican administration at Washington to keep present members from enjoying themselves in the future.

**GENERAL CULVER SAYS HUGHES WILL SUIT COAST**  
(From a Staff Correspondent.)  
Lincoln, June 14.—(Special).—General J. H. Culver of Milford, who has been spending several months in California, returned to Nebraska this morning and visited a short time at the state house with old friends.  
General Culver is feeling much improved from his trip, and says that he is able now to reach his hat so he can tip it when he meets the ladies, something he could not do when he left Nebraska last fall, which means a great deal for the general.

He is of the opinion that the nomination of Judge Hughes will meet the approval of most of the progressives in California. The radicals may do a lot of balking, but the rang and pile of that party will be found supporting Mr. Hughes in November.  
"If the country needs my services in case of trouble with Mexico," said the general, "I expect to offer my services." General Culver is a retired officer, having served in three wars already, the Civil, the Indian and Spanish American, and would like to take a hand in another if the opportunity presented itself.

**SWEDISH METHODIST CONFERENCE AT HOLDREGE**  
Holdrege, Neb., June 14.—(Special).—A joint meeting of the Omaha and western districts of the Swedish Methodist conference is in session here at the Swedish Methodist church and will continue until Thursday night, lasting four days. Monday evening a reception was tendered to the visiting guests. The day meetings are devoted to routine business and work within the conference, while each evening some visiting minister occupies the pulpit.

Thursday will be given over to the celebration of the twenty-first anniversary of the foundation of the Swedish Methodist work in Nebraska. The program will consist of short talks by charter members of the organization and pioneers from Holdrege City, Salem and Prairie townships.  
Rev. Peter Munson, six years a presiding elder of the Nebraska district; Rev. J. P. Seaberg and Rev. F. Edwards, all former pastors, will each talk on their early work here. A feature of the celebration will be the singing of Carl, Oscar and Elsie Falk of Axtell, whose grandmother, Mrs. A. P. Falk, deceased, was a prominent singer when the church was first organized.

**Bill Proposes Six Months' Military Training for Boys**  
Washington, D. C., June 14.—(Details of a new universal military training and service bill to be presented to congress soon became known today. It provides that all male citizens shall enlist for six months' military camp training during the calendar year in which they become 18 years of age and thereafter shall be discharged into the reserve. In time of war these trained men might be called into active service by classes of years, the youngest first.

The bill was drawn by Captain George Van Horn Moseley of the general staff of the army, acting unofficially in behalf of national defense organizations. It will be proposed as a substitute for the pending Chamberlain universal training bill.

**Imperfect Noses Corrected, Sagging Faces Lifted, Wrinkles Removed**  
The Woodbury Treatment.  
I POSITIVELY SURE FOR PARALYSIS. MY FREE TREATMENT TO DEMONSTRATE. MY TREATMENT IS PAINLESS.

Phone Champa 1821. Eighth Year in Denver. Professional and Bank References.

### Vice Presidents for Nebraska Academy

Lincoln, Neb., June 14.—(Special).—President Pool of the Nebraska Academy of Sciences has made the following appointments as vice presidents of the different sections of the academy for the coming year:  
Earth Sciences—Prof. N. A. Denton, Lincoln.  
Physical Sciences and Mathematics—Prof. J. C. Johnson, University Place.  
Biological Sciences and Medical Section—Prof. C. O. Carlson, Crete.  
Ethnology and Folk Lore—Dr. Louise Pound, Lincoln.  
Engineering—Prof. J. D. Hoffman, Lincoln.

thing he could not do when he left Nebraska last fall, which means a great deal for the general.
